SCHEDULES (Daily, 2 Hour Delay)

Supervision outside will be available at 8:35am while Kiss & Go begins (where parents wait for school staff to open car doors during drop off time) and students that are walking to school arrive. Students are allowed to enter the school building starting at 8:40 am and will head directly to the classroom.

The School Day:

- Home School Academy (main campus) hours are 8:45 am to 3:45 pm. (Drop off runs from 8:35am – 8:45am.)
- TRACKS hours are 9:00am to 3:00pm at The School in the Woods campus. ***PLEASE REVIEW TRACKS HANDBOOK AS THERE IS IMPORTANT INFORMATION SPECIFIC TO TRACKS.**
- There are no provisions for supervision of students before and/or after school.
- Students who arrive after 8:45 must be signed in by a parent before proceeding to their classroom.
- If it is necessary for you to pick up your child during the day, before the normal dismissal time, park your car in the parking lot, and sign your child out through the front HSA office. Office personnel will call your child's classroom and have them meet you at the HSA front office.
****Please note that if you need to pick up your child early from the main campus, they must be picked up no later than 3:15pm so as not to interfere with end-of-day dismissal procedures.***

SCHOOL CANCELLATION: If the decision is made to cancel school, local radio stations will be asked to announce that the district will be closed. Local radio stations will be informed of this decision by 5:30 a.m. A 20Alert Message will be delivered to all families through email, phone call, or text message.

TWO-HOUR DELAYED START: If adverse conditions appear to be developing during the 5:30 a.m. decision time frame, the Superintendent may delay the start of school for two hours. Local radio stations will be informed by 5:30 a.m. that the starting time for District 20 will be delayed by two hours. The decision relative to whether schools will be open or closed will be made prior to 7:30 a.m. If the decision is to hold school, the two-hour delayed start will be honored, and no additional radio announcements will be made. If the decision is to cancel school, local radio stations will be informed by 7:30 a.m. Again, a 20Alert Message will be delivered to all families through email, phone call, or text message.

EARLY RELEASE: If school is in session and a storm develops during the day, a decision may be made to send students home early. The procedure will be as follows: On the days when the weather at 5:30 a.m. may not be bad enough to cancel school, but weather reports and other indications are that perhaps a storm may develop during the school hours, school personnel will be notified that it is a "storm alert" day. If there is an early release, local radio stations will be asked to announce that District #20 is releasing early, and a 20Alert Message will be delivered to all families. Should the decision be made to release students early, school will be dismissed at 1:45pm. Please follow HSA's "Kiss & Go" procedures.

PARENTS SHOULD HAVE A PLAN IN PLACE SO THAT THEIR CHILDREN WILL HAVE A PLACE TO GO IF THERE IS NO ONE AT HOME ON EARLY RELEASE DAYS. PLEASE NOTIFY YOUR CHILD'S TEACHER OF YOUR PLAN.

Student Drop Off and Pick Up (Kiss & Go):

As you enter the parking lot, follow the outside line of vehicles with caution and patience.

Drop Off:

- Please pull up to a staff member at the entrance of the school. Do not let your children exit the vehicle without a staff member present to help your child.
- Once you come to a complete stop, staff will open the door for your child to exit the vehicle. When your child is safely away from the vehicle, staff will close the vehicle door.
- Do not block the crosswalks.

Pick-Up:

- At the end of the day, please have a sign displayed on the passenger side dashboard/window so staff members can easily see the name and lo

cate your child. (We provide these at the beginning of the year, but please let us know if you need a replacement.)

- A staff member will assign a numbered cone to you, and your child will be called to meet you there as you pull forward.
- A staff member will open your car door to allow your child(ren) to enter the vehicle. Please wait until the staff member closes the door before you proceed cautiously from the Kiss & Go loop.
- Wait patiently for the vehicles and cross walkers in front of you as you exit the drop off area.

Park & Walk:

- If you are needing to bring your child into the school, please park your vehicle within the parking spaces provided at the front of the school. Walk with caution at the cross-walk area at the entrance to the school.

Attendance Procedures and Policy:

Attendance will be taken by classroom teachers within the first 15 minutes of the school day. Students checked in after 8:45 are marked tardy. If a student is not in the building by 8:45, parents need to check the student in at the office. They may no longer be dropped off in the Kiss & Go line after 8:45 am. You must park in the staff/parent parking lot to walk students into the building and check them in at the front office. Please reference district policy JE,JH,JHB.

If your child is going to be absent, please email their teacher directly. If you are unable to email, you may leave a voice message on our attendance line at 719-234-1900. If we have not verified a reason/excuse for an absence by 4:00 pm, a message will be sent to parents regarding the absence.

Once children are in attendance for the day, they will be excused to leave only upon the request of a parent/guardian. They won't be dismissed from the classroom until the parent/guardian is in the office. Students will only be released to people who are listed on a student authorization pick-up form (please contact our office for this form), or those listed as an emergency contact in the case of an emergency. The office will ask for identification. Students leaving school before dismissal time (3:45 pm) must be signed out in the office.

Consistent attendance is a critical factor in the success of our students and our programs. Students are expected to arrive at school each day on time, ready to learn.

If a student has not been in attendance by October 1st of the current school year, or if a student has four consecutive unexcused absences throughout the school year, HSA may unenroll your student from the program.

Lunch Information:

Children may have a hot or cold lunch (including drink) or bring a lunch from home.

- **Menus are available on the home page of our website at the beginning of each month.** (<https://homeschool.asd20.org/>). As the menus can be subject to change, we suggest double checking the lunch options on the day that your student attends.

Free Breakfast and Lunch:

Free breakfast and lunch is available for students.

Food/Snack Policy:

Students may bring a snack to school. Please remember to send in snacks that are healthy and NUT- free.

Parent Communication:

Infinite Campus:

Infinite Campus is the District 20 database for student information and our primary source for data such as parent names, addresses, telephone numbers, and emergency contacts. Parents are encouraged to establish an Infinite Campus Parent Portal and ensure that this information remains current. (Parent Portal access is necessary to sign your student's Network Acceptable Use Agreement.) Access to Infinite Campus can be found at www.asd20.org. If you require additional assistance, please contact the D20 Help Desk at help@asd20.org.

HSA Website:

Please become familiar Home School Academy's website (<https://homeschool.asd20.org/>) and check it often to access current information and resources. The website includes access to IC (Infinite Campus), announcements and feature stories, lunch menus, school calendars, parent/student information, contact directory, school policies, and more.

20Alert – Texts and Emails:

20 Alert is a rapid email communication tool that is used by the school and District 20 to convey important information to our school community. Parents are automatically enrolled in this system through their Infinite Campus (IC) Parent Portal account and can elect to receive information through email, texting, and/or cell phone. (Please ensure that your contact info stays up to date in your parent portal.)

We will send out an HSA weekly email through 20Alert every Friday with pertinent school information and/or when changes, cancellations, or updates are needed.

Office Telephone:

Students may use the office telephone only in cases of emergency. Arrangements for visits to a friend's home/activity after school are not considered emergencies.

Cell Phones:

Cell phones are permitted in the building but should be left in backpacks and turned off during school hours (**including lunch and recess**) unless specific permission is granted by a teacher/administrator. If a student is found to be using a cell phone without permission, the phone may be confiscated, and parents will be notified.

Safety and Security:**Crisis Plan/Safety Drills:**

Drills are conducted throughout the year. Emergency procedures are in place, staff is trained, and all drills and procedures are taught to students. The school conducts a fire/evacuation drill once a month, a severe weather drill once per semester, a lockout drill (everyone returns inside, business as usual) and a lockdown drill (doors locked, lights out, all out of sight) once per semester.

Drills are conducted regularly so that students know what to do in case of an emergency, and expectations for behavior during a drill are discussed and practiced in each classroom.

Drug and Alcohol-Free Schools:

Administrative policy JICH prohibits the use, possession, sale or distribution of alcohol or any controlled substance (or any substance represented as such) on school property, or at any school sponsored activity (on or off school property.) Expulsion is mandatory for the sale (including giving as a gift) of such substances. It may also be a punishable offense pursuant to Colorado state statute C.R.S. 22-33-106.

Forbidden Items:

Forbidden items are defined as those that may create a safety hazard, may be stolen, or may create a distraction to the learning environment. The following items should not be brought to school:

- Weapons of any kind, knives, lighters, matches
- Toy guns, water guns
- Skateboards, roller blades, Heelys
- Beepers, laser pens

School Visitors:

All visitors, including school volunteers/chaperones, must sign in and out at the HSA front desk and wear a visitor badge during their time on our campus.

Student Insurance:

Academy School District 20 does not carry accident insurance for students. Under the Governmental Immunity Act, the District is immune from liability for injuries sustained by students while on District property or participating in school sponsored activities. While there are a few exceptions to this law, you should understand that if your student is injured, the district normally will not pay for your child's medical expenses.

Technology/Student Acceptable Use Policy

Students who have parental permission and who agree to the terms of the D20 Network Acceptable Use Agreement will receive network access. Once the agreement is completed, the student is allowed to perform class-related Web research, printing, and other network functions.

Health (Allergies, Medications)

***PLEASE HELP US TO PROVIDE THE PROPER CARE FOR YOUR CHILD BY KEEPING ALL EMERGENCY INFORMATION, INCLUDING ALL CELL PHONE NUMBERS CURRENT.** Parents are responsible for maintaining current contact and address information via the Infinite Campus Parent Portal.

Allergies:

Please alert the HSA staff regarding your child's allergies by contacting our principal's secretary to request the necessary form.

Please make sure that any snacks that you send to school with your student DO NOT contain nuts as our classrooms are nut-free environments. (See policy- JLCDA)

There is a nut-free table in the cafeteria (for lunch time) to meet the needs of numerous children with life threatening nut allergies. Any student may use the table if their lunch does not contain nuts.

Medications:

Academy District 20 will require the signature of a health care provider with prescriptive authority as well as the parent/guardian for medications to be given at school. This applies to both prescription and over-the-counter medications including cough drops, Tylenol/Advil, any type of vitamin or enzyme, etc. You will need to complete and sign a form for each medication and have your health care provider with prescriptive authority sign each form as well.

If possible, arrange for medication to be given outside of school hours. If medications must be given at school, please follow this protocol:

- No medication may be dispensed without having filed the appropriate paperwork at school. You will need to complete and sign the Permission to Administer Medication Form.
- Have your health care provider with prescriptive authority sign the form as well.
- Prescription medications must come in the original container dispensed by the pharmacy and labeled with the child's name, medication name, dosage, administration time(s), expiration date, physician's name and phone number, and the pharmacy's name and phone number.
- All medications must be transported to and from the office by parents/legal guardians.
- All over-the-counter medications including cough drops and pain relievers also require the Permission to Administer Medication Form signed by the Health Care Provider, must be in the original package and labeled with the child's name. The dosage must match the signed health care provider's authorization.
- No medication will be given if it comes in a baggie, plain bottle, envelope, etc. This is to safeguard your child, as well as the staff member dispensing the medication.
- **Asthma inhalers and Epi-pens** can be carried by the student only if the parent has filled out an appropriate release form (contact school nurse or health room paraprofessional for forms).
- If the student mishandles the inhaler or Epi-pen and/or the safety of other students is at risk, the school nurse/administrator will call the parent.

Illness/Injury:

The emergency information parents provide in Infinite Campus will be used if your child becomes ill or in the event an accident occurs at school. We will make every effort to notify you by phone. If you cannot be reached, the emergency contacts you designate on your child's emergency information in IC will be called.

Infectious Diseases in School Setting:

Guidelines for School Nurses and Personnel (Revised Dec. 2004) per Colorado Department of Public Health and Environment. Students should be allowed to return to school once the exclusion period is met, or a health care provider clears the student. Generally, if any of the following conditions apply, exclusion from school should be considered:

- If the student does not feel well enough to participate comfortably in usual activities.
- If the student requires more care than school personnel can provide.
- If the student has a high fever, behavior changes, persistent crying, difficulty breathing, lack of energy, uncontrolled coughing, or other signs suggesting a severe illness.
- If the student is ill with a potentially contagious illness and exclusion is recommended by a health care provider, the state or local public health agency, or these guidelines.

The most up-to-date illness guidelines can always be found on the district's website (search files for "illness guidelines.")

Recess

Outdoor play during the noon hour and scheduled recesses is expected of all children. Unless the weather is EXTREMELY COLD (20 degrees or less), children will go outdoors. For this reason, **PLEASE SEE THAT YOUR CHILD IS ADEQUATELY PREPARED FOR COLD WEATHER** with coats, sweaters, boots, gloves, or other warm clothing appropriate to the weather conditions. (Please ensure that all these items are labeled with your child's name.) If a child must remain indoors, a note explaining the reason must be sent to the teacher.

Dress Standards

District side standards on student attire are intended to help students concentrate on schoolwork, reduce discipline problems, and improve school safety. The Board of Education recognizes that students have a right to express themselves through dress and personal appearance, and that student dress has an effect on behavior, work quality, and school pride. Students are not permitted to wear apparel that is disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

The following shall not be worn in school buildings, on school grounds or at school activities: Any clothing, paraphernalia, grooming, jewelry, accessories, or body adornments that are disruptive or potentially disruptive to the educational environment as determined by the Home School Academy Administrator, including but not limited to items that:

- refer to drugs, tobacco, or alcohol
- are obscene, profane, vulgar, or defamatory in design or message
- advocate drug use, violence, or disruptive behavior
- threaten the safety or welfare of another person
- reveal all or part of the stomach, buttocks, or chest
- are backless

- reveal underwear
- are inappropriately sheer, short, tight, or low-cut.

All tops worn to school must have a shoulder strap at least 3 fingers wide and the armholes must be regular size. Shorts must be at least fingertip length. Hats may not be worn indoors but are permitted outdoors. Heelys are not to be worn. **Be sure clothing is appropriate for the weather conditions.**

Lost and Found

Please place your child's name on all items such as boots, jackets, gloves, caps, lunch boxes and water bottles. These are the items that are most likely to be lost or misplaced. Marked clothing allows the school to return the misplaced items to the child without delay. If we have items left at school, we will place them

in the “Lost and Found” area in the front office. If the items are not picked up before our scheduled breaks, they may be donated.

Program Participation

Unless one is enrolled as a student at HSA, the programs within HSA (Theater, STEAM, Arts, TRACKS, Space) are reserved for those students only.

Introduction

Public school students have certain rights guaranteed by the constitution and laws of Colorado as well as the United States of America. These rights are not the same as adults because the school is a special setting. The law provides that school officials need flexibility to control student behavior in the schools and at school activities, even possibly for actions that occur off-campus, on weekends or during the summer, if the actions have a nexus to school or are detrimental to the welfare of students or staff at the school. However, students do have numerous protections from undue censorship, arbitrary actions of school staff members and elected officials, and unlawful search and seizure, among other things.

This handbook informs you of your rights and your responsibilities as an Academy District 20 student. It will help you be a successful student and citizen in our District. Please read it carefully and ask questions of your principal, your counselor, or your teachers if you do not understand.

Academic Rights

To function well in the classroom, you must have a clear idea of what the teachers expect of you. Therefore, you have a right to know exactly what the requirements are for each course in which you are enrolled. If the course requirements seem unclear to you, or if you have questions, you have not only a right but also an obligation to yourself, your fellow classmates, and to your teacher, to ask for clarification.

Academy District 20 Mission Statement

The mission of Academy School District 20 is to educate and inspire students to thrive.

Asbestos Hazard Emergency Response Act (AHERA) Annual Legal Notification:

In accordance with the United States Environmental Protection Agency's Asbestos Hazard Emergency Response Act, the District has Asbestos Management Plans available for review at each school and at Facilities Management, 10221 Lexington Dr., Colorado Springs, CO 80920. Contact the Director for Facilities with any questions. Telephone: 719-234-1510.

Assessments (administrative policy [IKA](#)):

State and federal laws require District students to take standardized assessments in the instructional areas of English language arts, math and science. If a student's parent/guardian chooses to opt the student out of taking a state assessment, the District shall not prohibit the student from participating in an activity, or receiving any other form of reward, that the District provides to students for participating in the state assessment. C.R.S. § 22-7-1013 (8)(b).

Attendance and Truancy (administrative policies [JE](#), [JH](#), [JHB](#)):

Daily attendance at school is a critical factor in school success. Students are expected to arrive at school each day on time, ready to learn. It is difficult to replace the learning that occurs in the classroom through the exchange of ideas with study outside the classroom. Excessive absences and/or tardies, whether excused or unexcused, may have a negative effect on a student's learning and grades.

Colorado law requires every student who is age six by August 1 and under 17 to attend school a certain number of hours [C.R.S. § 22-33-104(1)(a)]. Parents have a legal obligation to ensure that every child under their care and supervision receives adequate education and training [C.R.S. § 22-33-104(5)(a)].

Per District policy [JE](#) and state law, excused absences are as follows:

1. Absences approved by the principal or designee.
2. Absences due to temporary illness or injury.
3. Absences for an extended period of time due to physical, mental or emotional disabilities.
4. Absences due to being in the custody of the court or law enforcement authorities.

If an absence does not fall into one of the above categories, it will be considered unexcused. Medical notes may be requested if a student has excessive absences.

State statute defines any student who has four unexcused absences in a month or ten unexcused absences in a school year as habitually truant. [Administrative policy [JE](#) and C.R.S § 22-33-102(3.5)]. Be aware that the District will first take steps to work with families to reduce truancy, but that we partner with local juvenile courts to intervene and address "habitual truancy." When a student has an excessive number of absences, whether excused or unexcused, they negatively impact the student's academic success. The principal may identify a student who is absent 10% of a quarter, even if the absences are excused, as "chronically absent." [Administrative policy [JH](#), Student Absences and Excuses]. Legal action may be taken by school administrators if parents and students fail to follow compulsory attendance laws [Administrative policy [JHB](#), Truancy].

Balancing Rights and Responsibilities

With student rights come student responsibilities. In most cases, this means "follow the rules." The rights of all others in the school environment are protected when students exercise responsibility and follow the rules.

The rules and regulations, the most important of which are summarized in this handbook, are designed to protect rights, yours and others'. They help set expectations so that students learn behavior patterns which enable them to become responsible members of society. The rules also allow us, if necessary, to discipline individuals who do not respect rules. They also help protect every student's right to an education. Given the Columbine tragedy and other more recent events, students need to tell an adult if they are aware of

other students who are planning to harm themselves or others in the school or community. This is not being a “snitch” or a “tattle-tale.” It is responsible citizenship that could save lives, including your own. Safe2Tell® provides a way for students to anonymously report any threatening behaviors or activities endangering them or someone they know. A report can be made by calling 877-542-SAFE (877-542-7233) or online at [Make a Report](#).

[Bullying \(administrative policy JICDE\):](#)

The District supports a school climate that is free from threats, harassment and any types of bullying behavior. All types of bullying are unacceptable. “Bullying” is defined in District policy JICDE and state law as “the use of coercion or intimidation to obtain control over another person or to cause physical, mental, or emotional harm to another person. Bullying can occur through written, verbal, or electronically transmitted expressions (i.e., cyberbullying) or by means of physical act or gesture.” Bullying is prohibited against any student for any reason, including but not limited to any such behavior that is directed toward a student on the basis of his or her academic performance or any basis protected by federal and state law, including disability, race, creed, color, sex, sexual orientation, gender identity, gender expression, marital status, national origin, religion, ancestry or the need for special education services, whether such characteristic(s) is actual or perceived. Bullying does not necessarily include all conflicts between students. A student who engages in an act of bullying and/or a student that takes retaliatory action against a person, who in good faith reports an incident of bullying, is subject to appropriate disciplinary action, including suspension, expulsion and/or referral to law enforcement authorities. The District cannot respond to allegations of bullying unless it knows about them. Please tell an adult in your building if you have been bullied or if you have witnessed bullying. Safe2Tell® is a way to anonymously report any threatening behavior that endangers you, your friends, your family or your community. To make a report using Safe2Tell®, call 877-542-SAFE (877-542-7233) or online at [Make a Report](#).

[Cell Phones and other Electronic Devices \(administrative policy JICJ\)](#)

Policy [JICJ](#) allows students to carry electronic communication devices approved by the building principal, but these devices must be turned off and put away during instructional time unless they are being used for instructional purposes and with approval of the teacher. During non-instructional time, school staff may restrict students’ use of such devices if, in their judgment, use of the devices interferes with the educational environment. Violation of this policy may result in disciplinary action and confiscation of the electronic communication device. A conference between the parent/guardian, student and school personnel may be required in the event an electronic communication device is confiscated. School personnel will not accept responsibility for lost or stolen personal property. The student will assume responsibility for replacement costs in the event that an electronic device or cell phone is lost or stolen.

Clubs (see Student Organizations, administrative policy [JJA](#))

Meetings of student groups must be organized, scheduled, and conducted within the guidelines established by policy JJA and accompanying procedure. All proposed student organizations shall use the common District-wide application that can be found in [JJA.E](#). The principal, or designee, will communicate a final decision to all proposals using the submitted District-wide application.

College Classes-Opportunity to Earn College Credits and Accelerate Learning Pathways to College

Students may earn college credit at a significant cost and time savings.

Concurrent Enrollment (CE) Programs Act [C.R.S § 22-35- 103(6)(a)] and **District 20 Concurrent Enrollment policy [IHCDA](#)** make it possible for eligible students in grades 9-12 who are under the age of 21 and officially registered at an Academy District 20 high school and at a qualified institution of higher education with whom the District has a written cooperative agreement to earn college credit at a significant cost and time savings. Interested students may contact the high school counselor for information on the eligibility criteria and application process as identified by the statute and the District policy.

Accelerating Students through Concurrent Enrollment (ASCENT) (administrative procedure [IHCDA R 2](#)) is a fifth-year program which allows eligible students to participate in concurrent enrollment courses for the year after 12th grade. Student eligibility includes meeting graduation requirements and the completion of at least 12 credit hours of transcribed postsecondary courses (non-remedial) by the completion of the 12th grade year. [C.R.S § 22-35-108]. ASCENT is a fifth year only program. Participation in the CE or ASCENT programs must align with a student's Individual Career and Academic Plan (ICAP). Students must complete the District's ASCENT application process and submit all approved documents to the high school concurrent enrollment designee by the published deadline.

Confidential Student Records-*also see* (The) Family Educational Rights and Privacy Act (FERPA)

The District protects the confidentiality of student records in accordance with the Family Educational Rights and Privacy Act (FERPA). Therefore, without written consent from a parent or guardian, we do not disclose personally identifiable information from a child's education records unless disclosure is covered by one of the exceptions in FERPA (see administrative policy [JRA/JRC](#)). If you wish to allow a third party (for example, a step-parent or other family members) access to personally identifiable information from your child's education records, please contact your building administrator to request a third-party consent form. Each parent or guardian must complete the form and have his or her signature notarized. Return the notarized forms to your building administrator. The permission will be effective until a parent/guardian revokes permission in writing and submits the revocation to the building administrator.

Disciplinary Removal from Classroom (administrative policy [JKBA](#))

It is the policy of the District to maintain classrooms in which student behavior does not interfere with the ability of the licensed staff member to teach effectively or the ability of other students to participate in classroom learning activities.

Students shall be expected to abide by the code of conduct adopted by the District and any other appropriate classroom rules of behavior established by the licensed staff member, and approved by the building principal, for the purpose of maintaining order and a favorable academic atmosphere. Any student who violates the code of conduct or other classroom rules may be subject to removal from class and/or disciplinary removal.

Student removal from class is a serious measure and should not be imposed in an arbitrary, casual, discriminatory or inconsistent manner. Behavioral expectations are always more constructive and more likely to be followed when they are communicated as clearly as possible to students. However, it is neither possible nor necessary to specify every type of improper or inappropriate behavior, or every circumstance that would justify removal from class under this policy. Licensed staff members are expected to exercise their best professional judgment in deciding whether it is appropriate to formally remove a student from class in any particular circumstance. All instances of formal removal from class shall be documented.

A licensed staff member is authorized to immediately remove a student from his or her classroom if the student's behavior:

1. violates the code of conduct adopted by the District administrative policy; or
2. is dangerous, unruly, or disruptive; or
3. seriously interferes with the ability of the teacher to teach the class or of the students to learn.

A student with a disability may be removed from class and placed in an alternative educational setting only to the extent authorized by state and federal laws and regulations.

Removal from class under this policy does not prohibit the District from pursuing or implementing additional disciplinary measures including, but not limited to, detentions, suspensions, or expulsions for the conduct or behavior for which the student was removed, in accordance with District policy concerning student suspensions, expulsions and other disciplinary interventions. Parents/guardians should be notified of the student's removal from class in accordance with established procedures.

Equal Educational Opportunity (administrative policy [JB](#))

Every student in this school district shall have equal educational opportunities through programs offered in the school district regardless of race, color, gender, sex, sexual orientation, gender identity or expression, transgender status, religion, national origin,

immigration/citizenship status, ancestry, age, pregnancy, marital status, veteran status, disability, family composition and genetic information.

Evaluation

You have a right to be evaluated fairly. Grades, progress reports, and other forms of evaluation should be based on requirements that are clearly set forth by teachers and they should be applied fairly to all students.

(The) Family Educational Rights and Privacy Act (FERPA) (administrative policy JRA/JRC), Notification of Rights under:

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask the school to amend a record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. FERPA does permit disclosure without a parent's or guardian's written consent to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, teacher, or support staff member (including but not limited to paraprofessionals, transportation personnel, health and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contactor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own staff members and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor medical consultant, or therapist; a parent or student volunteering to serve on an official committee; or a parent, student, or other volunteer assisting another school official in performing his or

her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

U.S. Department of Education
Student Privacy Policy Office
400 Maryland Avenue, SW
Washington, DC 20202-8520

FERPA Notice for Directory Information (administrative policy [JRA/JRC](#)):

FERPA requires that the District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the District to include this type of information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's or guardian's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

If you do not want the District to disclose directory information from your child's education records without your prior written consent, you may opt out using the Extended Parent Portal. Contact your school if you need access to a computer.

The District has designated the following information as directory information:

- Student's name
- Student's photograph
- Student's grade level
- Dates of attendance
- Enrollment status
- Participation in officially recognized activities & sports
- Weight and height of members of athletic teams
- Major field of study
- Degrees, honors, and awards received
- The most recent previous educational agency or institution attended

Please note that FERPA contains a specific exclusion for records such as investigative reports, risk assessments, and other records created and maintained by school security personnel, which may be disclosed without consent. 20 U.S.C. § 1232g(a)(4)(ii)(B)(II).

Free Association

You are generally free to associate with groups of your own choosing. However, any group, school-sponsored or not, that acts to interfere with the rights of others, or disrupt the educational process, may be subject to disciplinary actions by school officials or appropriate law enforcement agencies.

Free or Reduced Lunch (administrative policy [EF](#))

Students do best in school if they have eaten a nutritious and balanced meal. Academy District 20 participates in the National School Lunch Program, as well as the Healthy School Meals for All Program that provides free meals to all students. The Board of Education agrees to the federal eligibility regulations, and the food service program meets all state and federal requirements relating to meal and menu records, fiscal controls and accountability, free and reduced-price meals, civil rights compliance, sanitation, and safety.

Gangs (administrative policy [JICF](#)):

Gang activities at school impose a threat to the welfare and safety of students and others in the school community and cause substantial disruption to the educational process.

The term "gang" as used in this policy refers to two or more individuals who share a common interest, bond, or activity characterized by criminal, delinquent, or otherwise disruptive conduct engaged in collectively or individually.

The Board of Education and District administration desire to keep District schools and students free from the threats of harmful influence of any groups or gangs which advocate drug and/or alcohol use, violence, or disruptive behavior. School district personnel shall maintain supervision of school premises, school vehicles, and school-related activities to deter gang intimidation of students and confrontations between

members of different gangs. The superintendent or designee shall establish open lines of communication with local law enforcement authorities to share information and provide mutual support in this effort. The superintendent or designee shall provide periodic in-service training to help staff members identify gangs and gang symbols, recognize early manifestations of disruptive activities and respond appropriately to gang behavior.

Any apparel or manner of grooming which by virtue of its color, arrangement, trademark, or any other attribute denotes membership in or affiliation with any gang is prohibited on school premises, in school vehicles, and at school-related activities. Any gestures, signals, or graffiti which connote gang membership or activities are also prohibited. These prohibitions shall be applied at the principal's discretion after consultation with the superintendent or designee, as the need arises at individual school sites.

[Dress Code for Students \(administrative policy JICA\):](#)

You have a right to dress as you want in accordance with your own taste so long as it is not materially and substantially disruptive to the educational process. The Student Dress Code, administrative policy JICA, defines certain clothing or appearance as disruptive if it advocates drug use, violence, or unlawful activity. If your clothes are inappropriately revealing or tattered and torn, you will be in violation of the dress code as well. A safe and disciplined learning environment is essential to a quality educational program.

District-wide standards on student attire are intended to help encourage school pride and thereby help students concentrate on schoolwork, reduce discipline problems, and improve school safety. The District administration is committed to the idea that students have a right to express themselves through dress and personal appearance, and that student dress has an effect on behavior, work quality and school pride. Students are not permitted to wear apparel that is disruptive or potentially disruptive to the classroom environment or to the maintenance of a safe and orderly school.

Subject to approval by the superintendent or designee, school administrators may develop and adopt additional specific dress code standards for their own schools consistent with this policy. Disciplinary actions for violation of the dress code standards will include notification to the student of the violation, the requirement that the clothing be changed before re-entering class, and at the discretion of the building administrator, a parental conference. More severe disciplinary consequences, including suspension or expulsion, may result from repeated or serious violations.

The following shall not be worn in school buildings, on school grounds or at school activities:

1. Any clothing, paraphernalia, grooming, jewelry, accessories, or body adornments that: are disruptive, or potentially disruptive, to the educational environment as determined by the administrator; including but not limited to items that:
 - refer to drug, tobacco, or alcohol;
 - are obscene, profane, vulgar or defamatory in design or message;
 - advocate drug use, violence, or disruptive behavior;
 - threaten the safety or welfare of any person.
2. Clothing that:
 - reveals all or part of the stomach, buttocks or chest; or
 - is backless; or
 - reveals underwear; or
 - is inappropriately sheer, short, tight or low-cut.

Exceptions:

Appropriate clothing may be worn in physical education classes or when participating in, or attending, school sponsored sports activities. Clothing normally worn when participating in, or attending, other school sponsored extracurricular activities such as prom or homecoming, may be worn when approved by the administrator and sponsor or coach.

Drug and Alcohol Use by Students ([administrative policy JICH](#)):

It shall be a violation of District policy and considered to be behavior that is detrimental to the welfare and safety of other students or school personnel for any student to possess, use or distribute alcohol or drugs, or to possess drug paraphernalia on school property or at school-sponsored events. **Sharing any controlled substance, including**

prescription medication, is also a violation of District policy. In order to promote a healthy and safe learning environment, the school district will take disciplinary action that may include suspension or expulsion from school and may include referral to law enforcement for criminal prosecution.

Students who use or possess alcohol or drugs or are under the influence of alcohol or drugs in violation of policy JICH will be disciplined in the following manner:

- First Offense - The student may be suspended for up to five school days, and the principal may request the superintendent to extend the suspension up to an additional five days. At the discretion of the principal and with the concurrence of the superintendent, this period may hold in abeyance, a portion of the suspension if the student completes an appropriate program, which may include an alcohol and/or drug education/treatment/counseling program and/or community service, details of which shall be agreed to between principal and parent. Costs of the program shall be the responsibility of the student and parent. Failure to provide documentation of completion of the program within the prescribed time limits will result in the reinstatement of the original suspension.

Based on circumstances of individual cases, including but not limited to situations involving particularly pernicious, harmful, or addictive illegal drugs such as felony class- controlled substances, the principal or designee, at his or her discretion, may recommend additional suspension or expulsion. Violations of administrative policy [JLCD](#) on Administering Medications to Students may result in disciplinary action, at the discretion of the principal or designee.

- Second Offense - The student may be suspended for ten school days and the principal may recommend expulsion.
- Third and Subsequent Offense(s) - The principal or designee may recommend to the superintendent expulsion of the student for up to one calendar year for third offense and all subsequent offenses occurring within three years.

Electronic Communication Devices, including Cell Phones (administrative policy [JICJ](#)):

Electronic communication devices can play a vital communication role. However, unless expressly permitted by a teacher for instructional purposes, the use of electronic communication devices within the classroom is not permitted. For purposes of this policy, an "electronic communication device" is any device which records, replays, transmits, receives or otherwise conveys information electronically between the student and another person or entity.

Students may carry electronic communication devices approved by the building principal, but these devices must be turned off and put away during instructional time, unless they are being used for instructional purposes and with approval of the teacher. Regarding non-instructional time, school staff members have the authority to restrict students' use of such devices in school buildings, on school buses, at school-sponsored activities and on field trips, if in the judgment of the staff member, the use of the device interferes with the educational environment. Use of a device to record all or part of any classroom instruction is permissible only with the prior approval of the teacher.

Use of electronic communication devices with cameras is prohibited in locker rooms, bathrooms, or other locations where such operation may violate the privacy rights of another person. It is the student's responsibility to ensure that the device is turned off and out of sight during unauthorized times.

Violation of this policy and/or use that violates any other District policy may result in disciplinary action and confiscation of the electronic communication device. A conference between the parent/guardian, student and school personnel may be required in the event an electronic communication device is confiscated.

The District shall not be responsible for loss, theft or destruction of electronic communication devices brought onto school property.

Screening and Testing of Students (and Treatment of Mental Disorders) (administrative policy [JLDAC](#))

Parents/guardians and eligible students have the right to review any survey, assessment, analysis or evaluation administered or distributed by a school to students whether created by the District or a third party. "Eligible student" means a student 18 years of age or older

School personnel is also prohibited from testing or requiring testing for a student's behavior without giving notice to the parent/guardian describing the recommended testing and how any test results will be used. Prior to conducting any such testing, school personnel shall obtain written permission from the parent/guardian or eligible student in accordance with applicable law.

Licensed school personnel is encouraged to be knowledgeable about psychiatric or psychological methods and procedures but shall not be involved in any diagnosis, assessment or treatment of any type of mental disorder or disability unless appropriately certified.

Student Expression

Students have a limited right to free expression based on the First Amendment to the United States Constitution. The right to speak (including written expression), however, must not create a material and substantial disruption to the educational process, be obscene, lead to unlawful action, harm someone's reputation, or create a clear and present danger to others.

These legal requirements also apply to how students dress when they come to school or school activities. If students cross the line from protected speech, where they are expressing their point of view/opinion, to speech which creates a material and substantial disruption, they may be disciplined. See policies on Student Publications, [JICE](#); Suspension, Expulsion and Denial of Admission, [JKD/JKE](#); and the Student Dress Code, [JICA](#).

Student Conduct (administrative policy [JIC](#)):

The District, in accordance with state law, has adopted a written student conduct and discipline code based upon the principle that every student is expected to follow accepted rules of conduct and to show respect for and to obey persons in authority. The code shall emphasize that certain behavior, especially behavior that disrupts the classroom, is

unacceptable and may result in disciplinary action. The code shall emphasize proportionate disciplinary interventions and consequences and keeping students engaged in learning. The code shall be enforced uniformly, fairly and consistently for all students.

All administrative policies and regulations containing the letters "JIC" in the file name shall be considered as constituting the conduct section of the legally required code.

The rules shall not infringe upon constitutionally protected rights, shall be clearly and specifically described, shall be printed in a handbook or some other publication made available to students and parents/guardians, and shall have an effective date subsequent to the dissemination of the published handbook.

The superintendent shall arrange to have the conduct and discipline code distributed once to each student in elementary, middle, junior high and high school and once to each new student in the District. The superintendent shall ensure reasonable measures are taken to ensure each student is familiar with the code. Copies shall be posted or kept on file in each school of the District.

The code shall apply to behavior in the classroom, on school grounds, in school vehicles, at school activities and events, and in certain circumstances, to off-campus behavior. In all instances, students shall be expected to conduct themselves in keeping with their level of maturity, acting with due regard for the supervisory authority vested by the board in all District staff members, the educational purpose underlying all school activities, the widely shared use of school property, and the rights and welfare of other students. All staff members of the District shall be expected to share the responsibility for supervising the behavior of students and for seeing that they abide by the established rules of conduct.

By providing this information, families support the district in accessing additional federal funds that go directly to schools to help cover the cost of meals, as well as after school programs and other nutritional programs for students.

Families who qualify may receive discounted school fees, athletics, bus passes, device fees and more.

Applications and information regarding the free and reduced-price lunch program can be obtained by contacting the free and reduced lunch registrar at 234-1416 or free-and-reduced@asd20.org.

Student Interrogations, Searches, and Arrests (administrative policy [JIH](#)):

The Board of Education and District administration seek to maintain a climate in the schools which is conducive to learning and protective of the safety and welfare of staff and students. To achieve this goal, it may be necessary for school personnel to search the person and/or the personal property of the student and to seize any property deemed injurious or detrimental to the safety and welfare of students and staff.

Interviews by school administrators

When a violation of District policy or school rules occurs, the principal or designee may question potential student victims and witnesses without prior consent of the student's parent/guardian. If a school official is investigating a report of child abuse and the suspected perpetrator is a member of the student's family, no contact with the student's family will be made.

Searches conducted by school personnel

Searches may be conducted by a school official who has reasonable grounds for suspecting that a search will turn up evidence that the student has violated either the law or policy. When reasonable grounds for a search exists, school personnel may search a student and/or the student's personal property while on school premises or during a school activity in accordance with this policy and may seize any illegal, unauthorized or contraband materials.

Whenever possible, the student shall be informed of the reason(s) for conducting the search and the student's permission to perform the search shall be requested. A student's failure to cooperate with school officials conducting a search shall be considered grounds for disciplinary action.

Search of school property

School lockers, desks and other storage areas are school property and remain at all times under the control of the school. All such lockers, desks and other storage areas, as well as their contents, are subject to inspection at any time, with or without notice.

Students shall assume full responsibility for the security of their lockers and/or other storage areas in the manner approved by the administration. Students shall be responsible for whatever is contained in desks and lockers assigned to them by the school, as well as for any loss or damage relating to the contents of such desks and lockers.

Search of the student's person or personal effects

The principal or designee may search the person of a student or a student's personal effects such as a purse, backpack, book bag, or briefcase on school property or at school-sponsored events or activities if the school official has reasonable grounds to suspect that the search will uncover:

- Evidence of a violation of District policies, school rules, or federal, state, or local laws.
- Anything which, because of its presence, presents an immediate danger of physical harm or illness to any person.

Search of the person shall be limited to the student's pockets, any object in the student's possession such as a purse, backpack, book bag, or briefcase, and a "pat down" of the exterior of the student's clothing. The extent of the search of a student's person or personal effects, as well as the means to conduct the search, must be reasonably related to the objectives of the search and the nature of the suspected violation. Additionally, school officials conducting the search shall be respectful of privacy considerations, in light of the sex and age of the student.

Searches of the person shall be conducted out of the presence of other students and as privately as possible by a person of the same sex as the student being searched. At least one person of the same sex as the student being searched shall witness but not participate in the search.

Searches of a student's person and/or personal effects may be conducted without the prior consent of the student's parent/guardian. However, the parent/guardian of any student searched shall be notified of the search as soon as reasonably possible.

Searches of the person which may require removal of clothing other than a coat or jacket shall be referred to a law enforcement officer. School personnel shall not participate in such searches.

Detection canines

Searches of school facilities, lockers, personal property, cars, and parking lots may be conducted by authorized persons using trained detection canines under the direction of the school principal or designee.

Law enforcement officers' involvement--Interrogations and interviews When law enforcement officials request permission to question students when students are in school or participating in school activities, the principal or designee shall ascertain that the law enforcement officer has proper identification and shall be

present unless a court order provides otherwise. Except when law enforcement officers have a warrant or other court order, or when an emergency or other exigent circumstances exist, such interrogations and interviews are discouraged during students' class time.

It is the responsibility of the law enforcement officer interviewing student witnesses or interrogating student suspects to assure compliance with all applicable procedural safeguards. Upon request by law enforcement to interview a student witness or interrogate a student suspect, school officials shall make an effort to notify the student's parent/guardian, except in cases involving investigation of reported child abuse where the suspected perpetrator is a member of the student's family, when law enforcement has a court order directing that the student's parent/guardian not be notified, or when an emergency or other exigent circumstances exist. However, whether or not to postpone the interview or interrogation until the parent/guardian arrives is the law enforcement officer's decision.

Seizure of items

Anything found in the course of a search conducted by school officials which is evidence of a violation of law or District policy or school rules or which by its presence presents an immediate danger of physical harm may be:

- Seized and offered as evidence in any expulsion proceeding. Such material shall be kept in a secure place by the principal until it is presented at the hearing.
- Returned to the student or the parent/guardian.
- Turned over to a law enforcement officer in accordance with this policy.

Search and seizure

The principal or designee may request a search on school premises be conducted by a law enforcement officer. When law enforcement officers respond to such a request, no school staff member shall assist or otherwise participate in the search. It is expected that searches by law enforcement will be conducted in accordance with the requirements of applicable law.

Custody and/or arrest

Students will be released to law enforcement officers if the student has been placed under arrest or if the student's parent/guardian and the student consent to such release. When a student is removed from school by law enforcement officers for any reason, school officials will make reasonable efforts to notify the student's parent/guardian.

It is expected that all procedural safeguards prescribed by law are followed by law enforcement officers conducting student arrests. However, District staff is not responsible for an officer's legal compliance when arresting a student.

Parking Lot/Vehicle Searches (administrative policy [JIHB](#))

The privilege of bringing a student-operated vehicle on to school premises is conditioned on consent by the student driver to allow for search of the vehicle when there is reasonable suspicion that the search will yield evidence of contraband.

Refusal by a student, parent/guardian, or owner of the vehicle to allow access to a motor vehicle on school premises at the time of request to search the vehicle shall be cause for termination without further hearing of the privilege of bringing the vehicle on to school premises. If a student refuses to consent to search, a parent or guardian will be contacted to obtain their consent to search. If the consent to search is denied by parent, then the vehicle shall be removed immediately from District property and forever banned from all District property. In such cases, there will be no refund of the parking fees paid, and the student will not be permitted to purchase a future parking pass. Should the vehicle be subsequently found on District property, it is subject to being towed at the owner's expense immediately without notice. Refusal to submit to search also may result in disciplinary action and notification of law enforcement officials.

Student Organizations (administrative policy [JJA](#))

Students in middle and high schools in this District shall be permitted to conduct meetings of student clubs or student organizations to meet on school premises during noninstructional time, in accordance with administrative policy [JJA](#). Curriculum-related student organizations serve as an extension of the regular school curriculum and bear a direct relationship to and alignment with Colorado Academic Standards. The function of curriculum-related student organizations is to enhance the participants' educational experience and supplement the course materials within the educational program of the schools. Curriculum-related student organizations must articulate how the content and activities of the proposed student organization will extend the regular school curriculum and how they align with the Colorado Academic Standards. Student organizations meeting these criteria and approved by the principal will be deemed to be officially recognized, school-sponsored student organizations. All proposed student organizations shall use the common District-wide application that can be found in [JJA E](#). The principal, or designee, will communicate a final decision to all proposals using the submitted District-wide application.

Secondary school students are also permitted to organize and conduct meetings to pursue activities outside of the school curriculum. Such organizations must be student initiated and directed, and persons not attending school in this District, parents, school personnel or non-school persons are prohibited from directing, conducting, controlling, or regularly attending the activities of a noncurricular student group. Noncurricular student groups shall not be deemed to be school-sponsored or endorsed. Students seeking approval for a student organization to meet at school during noninstructional time should seek approval from the principal or his or her designee in accordance with administrative procedure [JJA R](#).

Student Use of the Internet, Electronic Communications, and Digital Media (administrative policy [JS](#))

The utilization of the Internet, electronic communications, and digital media is integral to supporting educational curricula and substantially enriching the learning environment. Engagement with these resources necessitates students to exercise critical thinking, information analysis, effective communication, proficient writing skills, problem-solving abilities, and the cultivation of digital competencies essential for current employment demands. While it is impossible to predict with certainty what information students might locate or come into contact with, the District shall take reasonable steps to safeguard students from accessing material and information deemed obscene, pornographic, or otherwise detrimental to minors, in accordance with the Children's Internet Protection Act (CIPA). Students shall take responsibility and use good judgment when using District digital resources to avoid exposure to inappropriate material.

Blocking or filtering obscene, pornographic, or harmful information Recognizing the dynamic nature of the digital landscape, wherein students may encounter materials of varying content, including potentially harmful content, the District will make reasonable measures to safeguard students from accessing material

deemed obscene, pornographic, or otherwise detrimental to minors, in accordance with the Children's Internet Protection Act (CIPA). Students shall take responsibility and use good judgment when using District digital resources to avoid exposure to inappropriate material. Each student shall comply with federal and state law, District policy and the school's code of conduct and the provisions of this responsible use agreement. It is important for students to make sure that all electronic communications are respectful at all times, and do not violate the District bullying policy (JICDE). Students should report any inappropriate content or contact, including harassment, threats, or hate speech to a responsible adult.

No expectation of privacy

District-owned digital resources are intended for educational purposes and are subject to monitoring and oversight by the District. Students should be aware that there is no expectation of privacy when accessing or using District digital resources or within the District network. Students' devices will be filtered at home using the same filtering

settings as those applied within the District. All material and information accessed/received through the District network shall remain the property of Academy District 20 and subject to disclosure under the Colorado Open Records Act (CORA).

Unauthorized and unacceptable uses

Students shall use digital resources in a responsible, efficient, ethical, and legal manner. Because technology and ways of using technology are constantly evolving, every unacceptable use of digital resources cannot be specifically described in policy. Therefore, examples of unacceptable uses include, but are not limited to, the following.

No student shall access, create, transmit, retransmit, or forward material or information:

- that promotes violence or advocates destruction of property including, but not limited to, access to information concerning the manufacturing or purchasing of destructive devices or weapons
- that is not related to District education objectives
- that contains pornographic, obscene, or other sexually oriented materials, either as pictures or writings, that are intended to stimulate erotic feelings or appeal to prurient interests in nudity, sex or excretion

- for personal profit, financial gain, advertising, commercial transaction, or political purposes
- that plagiarizes the work of another
- that uses inappropriate or profane language likely to be offensive to others in the school community
- that is knowingly false or could be construed as intending to purposely damage another person's reputation
- in violation of any federal or state law or District policy, including but not limited to copyrighted material and material protected by trade secret
- that contains personal information about themselves or others, including information protected by confidentiality laws
- that impersonates another or transmits through an anonymous remailer
- that accesses fee services without specific permission from the system administrator
- that uses Artificial Intelligence in an inappropriate manner
- that engages in cyberbullying

Security and safety

Ensuring the security and safety of digital resources is of paramount importance. Students must promptly report any security concerns they encounter while using digital resources to designated District personnel.

Students are prohibited from engaging in activities that compromise the integrity or functionality of District networks or digital resources, including acts of vandalism, hacking attempts or unauthorized access attempts which includes using another person's password or any other identifier.

Failure to adhere to established usage guidelines may result in the loss of access privileges, restitution for damages incurred, and disciplinary action in accordance with District policy.

District Provided Devices

Students must handle and maintain District-provided devices carefully to avoid fines for damages. They are responsible for the safekeeping, proper use, and accountability of these devices, including refraining from putting stickers or other modifications on the device. Damage or loss of devices must be reported within 24 hours, and if a student leaves the District, the device must be returned at the time of disenrollment. Student DPDs must not be taken out of the country.

Student use is a privilege

The District emphasizes that the use of digital resources, including access to the Internet, electronic communications, and digital media services, is a privilege contingent upon responsible and ethical conduct. Failure to adhere to established usage guidelines may result in the loss of access privileges, restitution for damages incurred, and disciplinary action in accordance with District policy.

School district makes no warranties

Students and parents/guardians are required to annually review the District's Student Use of the Internet, Electronic Communications, and Digital Media (JS E 1) before accessing Internet, electronic communications, or digital media accounts. It is important to note that the District assumes no liability for the content accessed or the quality of information received via digital resources, and students utilize such resources at their own risk.

Students with Life-Threatening Allergies ([administrative policy JLCDA](#))

The District recognizes that many students are being diagnosed with potentially life-threatening food allergies. To best protect students and to meet state law requirements concerning the management of food allergies and anaphylaxis among students, the District requires the following:

Health care plan

The school nurse, or a school administrator in consultation with the school nurse and parent, shall develop and implement a health care plan (plan) for each student with a diagnosis of a potentially life-threatening food allergy. The plan shall address communication between the school and emergency medical services, including instructions for emergency medical responders.

Reasonable accommodations

Reasonable accommodations shall be made to reduce the student's exposure to agents that may cause anaphylaxis within the school environment. If a student

qualifies as a student with a disability in accordance with federal law, the student's Section 504 plan, Individualized Education Program (IEP), and/or other plan developed in accordance with applicable federal law shall meet this requirement.

Access to emergency medications

Emergency medications for treatment of the student's food allergies or anaphylaxis shall be kept in a secure location accessible to designated school staff. The student's parent/legal guardian shall supply the school with the medication needed for treatment of the student's food allergies or anaphylaxis, unless the student is authorized to self-carry such medication in accordance with administrative policy [JLCD](#), Administering Medications to Students. Even if the student is authorized to self-carry, the parent is strongly encouraged to provide self-injectable epinephrine to the school.

Staff training

The principal or designee, in consultation with the school nurse, shall determine the appropriate recipients of emergency anaphylaxis treatment training, which shall include those staff directly involved with a student who has a known food allergy during the school day.

Suspension and Expulsion (administrative policy [JKD/JKE](#)):

Academy District 20 shall provide due process of law to students, parents/guardians and school personnel through written procedures consistent with law for the suspension or expulsion of students and the denial of admission.

1. the student's age;
2. the student's disciplinary history;
3. the student's eligibility as a student with a disability;
4. the seriousness of the violation committed by the student;
5. the threat posed to any student or staff; and
6. the likelihood that a lesser intervention would properly address the violation.

The following are grounds for suspension or expulsion under state law and/or District policy:

1. Continued willful disobedience or open and persistent defiance of proper authority.
2. Willful destruction or defacing of school property.
3. Behavior on or off school property that is detrimental to the welfare or safety of other students or school personnel, including behavior that creates a threat of physical harm to the child or to other children. Nothing in this paragraph shall be construed to limit the school district's authority to suspend a student with a disability for a length of time consistent with federal law.

4. Declaration of the student as a habitually disruptive student, pursuant to administrative policy [JK](#) and its accompanying administrative procedure.
 - a. For purposes of this paragraph, “habitually disruptive student” means a child who has caused a material and substantial disruption three times during the course of the school year on school grounds, in a school vehicle or at school activities.
 - b. The student and the parent, legal guardian, or legal custodian shall have been notified in writing of each disruption counted toward declaring the student as habitually disruptive and the student and parent, legal guardian, or legal custodian shall have been notified in writing and by telephone or other means at the home or the place of employment of the parent or legal guardian of the definition of “habitually disruptive student.”

8. Violation of the District's substance abuse policy, [JICH](#), as outlined in that policy and accompanying administrative procedure.
9. Failure to comply with the immunization requirements as specified in Colorado law and administrative policy [JLCB](#) unless a bona fide medical or religious exception applies. Any exclusion for such failure to comply shall not be recorded as a disciplinary action but may be noted in the student's permanent record with an appropriate explanation.

Grounds for denial of admission

Admission to Academy District 20 may be denied a student for the following reasons:

1. Graduation from the 12th grade of any school or receipt of any document evidencing completion of the equivalent of a secondary curriculum;
2. Failure to meet the requirements of age, by a child who has reached the age of 6 at a time after the beginning of the school year, as fixed by the Board of Education;

Expulsion or Denial of Admission for unlawful sexual behavior or crime of violence

When a petition is filed in juvenile court or district court that alleges a student between the ages of 12 to 18 years has committed an offense that would constitute unlawful sexual behavior or a crime of violence if committed by an adult, basic identification information, as defined in state law, along with the details of the alleged delinquent act or offense, is required by law to be provided immediately to the school district in which the juvenile is enrolled.

The information shall be used by the superintendent to determine whether the student has exhibited behavior that is detrimental to the safety, welfare, and morals of the other students or school personnel and whether educating the student in the school may disrupt the learning environment in the school, provide a negative example for other students, or create a dangerous and unsafe environment for students, teachers, and other school personnel. The District shall take appropriate disciplinary action, which may include suspension or expulsion, in accordance with the student code of conduct and related policies.

The Board of Education may determine to wait until the conclusion of court proceedings to consider expulsion, in which case it shall be the responsibility of the District to provide an alternative educational program for the student as specified in state law.
